Forward

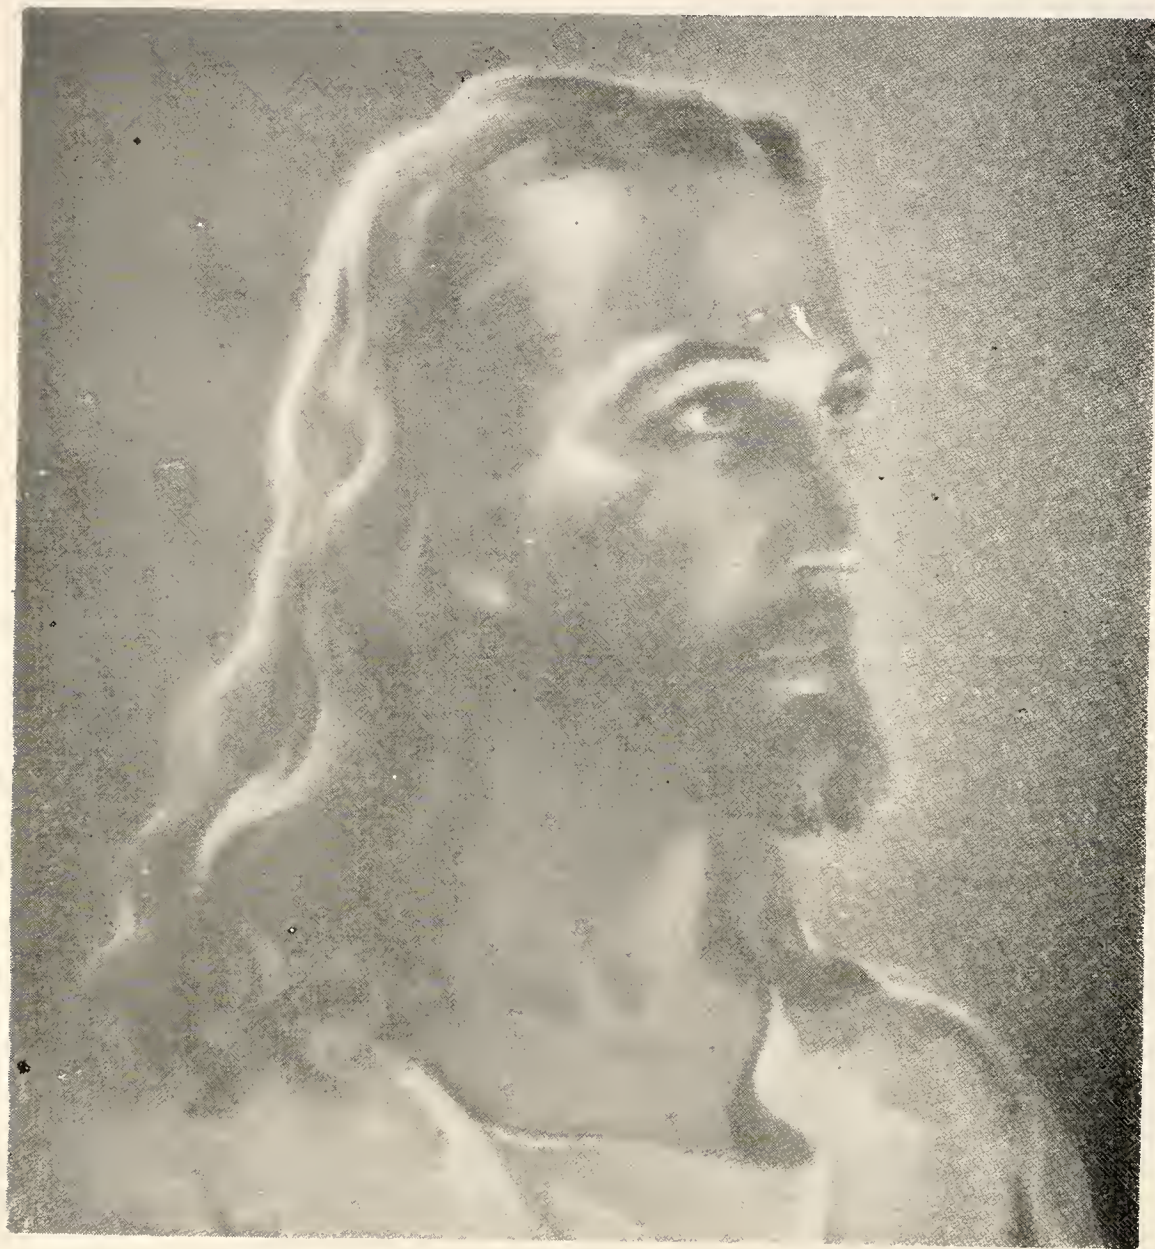

It's a great time to be alive. With our great zest for living and knowledge, we are eager to penetrate the world of tomorrow. Our forefathers would have been thankful to be in our positions now. We represent youth standing on the threshold of accomplishment. We look back to the past for experienced knowledge to guide us forward into tomorrow to try our own skill. Youth is a word of five letters, each one containing a challenge for us.

SUPERINTENDENT AND PRINCIPLE

"Where there is unity, there is strength", can be stated about our superintendent and principle. There has been close harmony between Mr. Franks and Mr. Dean which makes it possible to have better things for our school. Together, they have accomplished many things for Hoaglin-Jackson. We would like to thank both Mr. Franks and Mr. Dean for their many hours of labor for our benefit.

Paul Swartz - Pres.

Dean Knittle - V. Pres.

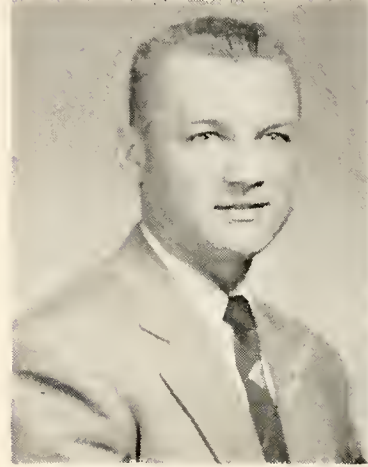

Glen Rager

Glenwood Adams

Lloyd Stewart

Carl McClure - Clerk

The School Board this year consisted of Paul Swartz as President, Glen Rager, Dean Knittle, Lloyd Stewart and Menford Yoh who was replaced by Glenwood Adams in January. Carl McClure acted as clerk.

Their main project this year was the building of dressing rooms under the stage. They have installed the cafeteria counter, new typewriters, and the library obtained some very interesting books.

We would like to thank the board for their co-operation with the teaching staff, and school as a whole; and their diligent labor to make it a school we can be proud to attend.

"Working for our good"

Starting the No. 1 Project

PAULDING PROGRESS

Paulding, Ohio

Class History

In the year 1946, 17 boys and 13 girls eagerly started their journey through school, with each successive year gaining and losing students.

We started Junior-High with 25 students looking forward to the day we would become Seniors. During our last six years we lost the following students: Donald Michael, Myles Parsons, and Bill Davis. We were also sorrowed by the death of Jimmy Prichard in the 7th grade. We also welcomed three new students who were Gladys Shaffer, Pat Taylor, and Delores Roth.

In our Junior year we had the concessions at the home basketball games and our class play "Hillbilly Weddin'" under the direction of Mr. Chapman our class sponsor. We also honored the 7 Seniors with a colorful prom.

Now we are Seniors and graduation is coming closer and closer. We all say we will be glad to be "out" but really we all enjoy school and will hate to leave it and all the happy experiences it brought us. In our Senior year, as a memorial to the school, we presented a "Hi-Fi" phonograph player. We have used this at a dance and a class party.

Along with all the other things the Senior class had to do, we picked our class colors which were maroon and blue and crystal white. The class flower is red roses. Our class motto is "Our Goal is Success."

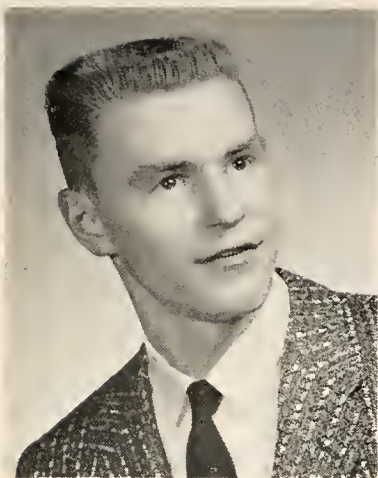

As our class is the largest in high school and although things become a little complicated once in awhile we are all proud of such a large class and would hate to lose any of them. With such a class, we are now anxiously planning and working hard on our class trip. Mr. and Mrs. Dean will be our sponsors and we are sure that they can show us a good time.

As our school days here are over we want to wish all of the students and teachers here at good night and H-J, in the coming years, the best of luck and may they all be as happy as the ones we have experienced.

Sponsor:

KAUSER TRUCKING COMPANY

Paulding, Ohio

Doyle Adams

He has improved as a student more than anyone else, perhaps due to the influence of Janice Snyder. Doyle was cooperative, dependable and unassuming. These qualities made him a favorite with teachers. Neatness and "good grooming" are trademarks of Doyle and his physical appearance has always been of a superior quality. Biology was his favorite subject and he also completed many fine shop-projects.

Activities and offices: band and basketball, one year; student council freshman and senior; and class plays.

Seniors

Darlene Baker

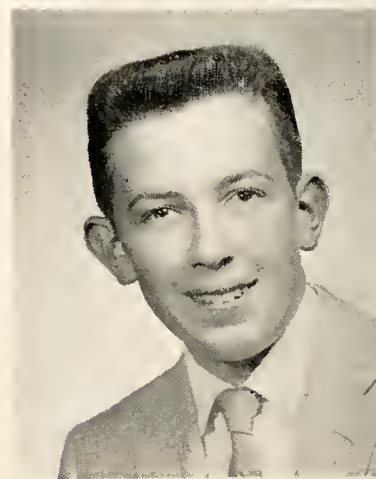

Being popular sometimes makes one conceited but not is the case with Darlene. Attractiveness and a pleasant attitude seem to go hand-in-hand with good students who are also very active in extra-curricular activities—this is true of Darlene. Darlene did very well in commercial subjects and mathematics. She is a serious student and would make good college material. One characteristic of hers which stands above the others is dependability. Her participation in the Senior trio has certainly been appreciated. Much of her spare time is spent in bowling, skating, and collecting records.

Activities and class offices: chorus, three years; Y-Teens, four years; vice-president of Y-Teens, one year; band, one year; and 4-H, two years.

Jan Dunlap

The gentleman, manager of the basketball and baseball teams—that's our Jan. He was very helpful to the athletic department and his many hours of devotion are thankfully appreciated. His smallness in stature is more than compensated by his bold spirit and pleasant attitude. Riding motor-scooters and roller skating occupy a large part of his spare time.

Activities: chorus, one year; basketball manager, junior and senior; baseball manager, freshman and sophomore; and junior class play.

Wayne Evans

A very polite boy who shows much consideration for both students and teachers. Wayne is quiet and a bit shy but gets along well with everybody. Academics have been important to Wayne and he has shown much interest in many of his subjects. Democracy and science courses were his favorites, even though good grades are more difficult to get in these courses. He likes to collect historical articles and to read interesting books on history. Agriculture clubs have occupied much of his spare time.

Activities and offices: chorus, three years; treasurer, freshman; secretary, junior; and a member of junior class play.

GRIZZLY MFG. DIVISION

Paulding, Ohio

Connie Foster

A pleasing appearance and a ready smile—these are the trademarks of Connie. A quiet, modest student who was always willing to complete the assignments given to her. Her cooperation with the teachers has been greatly appreciated. Besides being a favorite with teachers, Connie was very popular with her fellow students.

Activities and offices: chorus and Y-teens, four years; president of Y-teens, junior; president of class, sophomore; treasurer of Y-teens, sophomore; member of student council one year; and in junior class play.

Carolyn & Marilyn Leiter
Carolyn and Marilyn entered school together and leave together, leaving a trail of bewildered teachers, who have spent twelve years trying to devise a plan to tell the girls apart. The twins are very co-operative and have done many extra curricular jobs for the school, and their faithfulness will not be forgotten soon.

Both girls have been active in the Y-Teens during all four years of high school. The girls are both fond of the same subjects—Home economics and typing. Both girls have been active in the Youth for Christ organization, with Marilyn president and Carolyn vice-president.

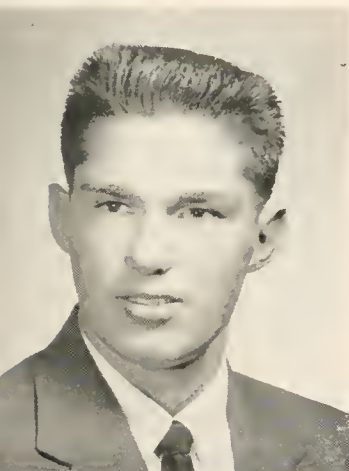

Seniors

Don Girod

Academically, Don is one of our better students and has taken several of the more difficult courses, with mathematics being his favorite subject. He is mechanically inclined and likes to work on cars. Don is well liked by both teachers and students, and is a well adjusted individual. He has been granted the gift of "clear thinking" processes, which should be used to great advantage.

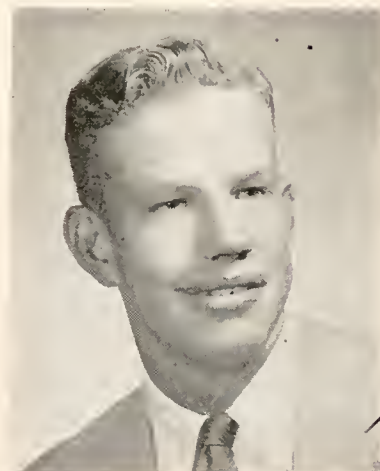

Activities and class offices: chorus, one year; basketball, two years; Treasurer of senior class; and parts in school plays.

Harold Hoersten

Harolds' claim to fame is basketball. He was the tallest player ever to wear a Hoaglin-Jackson uniform, and it is doubtful if there ever will be a taller player at our school. He really loved the game and presented the fans with some of the most unusual thrills that were ever presented on the H-J floor. Being shy and quiet and a demon on the floor gives Harold a double personality. Besides sports, Harold is mechanically inclined and likes to "tinker" with cars.

Activities were devoted entirely to basketball.

Sponsor :

DON DAULER

Phone 3831

Convoy, Ohio

Ann Mace

A very likeable girl who is a well adjusted person. Ann has a good sense of humor and it is always a privilege to be associated with her. Music is important to her and she will always be remembered as the number one base drummer of the band who kept a "mean" beat. Home economics was her favorite course and she enjoyed doing the many projects required for the completion of this course.

Activities and projects: band, chorus, Y-Teens, four years; redcross representative, Junior and senior years.

Seniors

Dave McCracken

Athletics and academics sometimes do not go together, but Dave succeeded quite well with both, and found time to be the class entertainer with his timely humor. College is of prime importance in his future plans and he should succeed in his future endeavor. Accounting and electricity interest him and could be his future vocations.

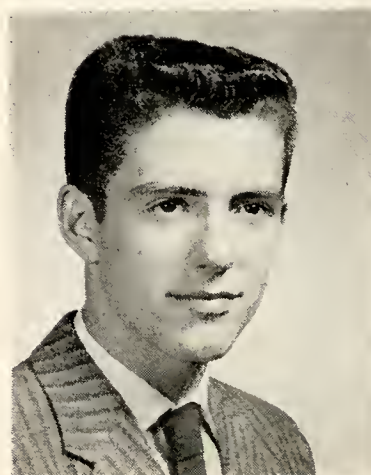

Activities and class offices: basketball; baseball; and chorus, four years; band, one year; student council, one year; and senior class play.

Carl Rogers

Carl was always a leader in class administration and organization. He was a very dependable backer of the class, and school and his shoes will be hard to fill. His faithful study habits should give Carl the necessary background for college entrance which he is contemplating. Basketball was of primary interest to Carl and he left us with many pleasant memories of some of his athletic feats.

Activities and offices: basketball, four years; chorus, two years; band, and student council treasurer, one year; president of junior class; and vice-president of rendezvous committee, Y.M.C.A.

Delores Roth

Paulding county's gift to us has been valuable in many respects. Delores has obtained the nickname of "Chief" and she certainly has lived up to this title. She has been a leader in just about every activity she has participated in, which has been many. She possesses all the traits of a respected leader and will certainly make a promising citizen after graduation. Academically, Delores has few peers, if any, in the school. Let's hope that Delores seeks higher education after high school. A book could be written on her many interests, activities, and offices but a list of the important ones will suffice.

Activities and offices: chorus, four years; Y-Teens, three years; band, two years; librarian, four years; editor of year book; president of student council, and a part in both class plays.

Portraits of Individual Groups and Weddings
"HOVERMAN STUDIO"
 130 East Third Street - Delphos, Ohio

Marilyn Sanders

Marilyn has completed many school assignments, extra-curricular tasks, and other assignments and always has done her best in the completion of the same. Discipline has been no problem with Marilyn as she respects authority and has been cooperative with both students and teachers. Like many of the girls of Hoaglin she enjoys her many home economic projects. Listening to music and reading good books occupy much of her time.

Activities and projects: chorus, senior year; junior class play, and Y-Teens.

Seniors

Gladys Schaffer

The witty gal who is always up-to-something and who knows when and where humor is appreciated. Gladys is the kind of person one enjoys being associated with and it certainly makes the "workday" for teachers and students more pleasant. Home economics was her favorite subject and many of her home economic projects were of a superior quality.

Activities and offices: band, one year; chorus, three years; Y-Teens, four years; class treasurer, junior year; and in junior class play.

Frank Snyder

The graduating class of this year could not have picked a better graduating class president than Frank. He was willing to exert maximum effort in conducting the affairs of his class. Sports and Frank are synonymous as sports are his main interest. His co-operative attitude and team play will be missed.

Activities and school offices: basketball, four years; baseball, two years; chorus, four years; band, one year; class president, sophomore and senior years; class secretary, sophomore; student council, sophomore and senior years; junior and senior class play.

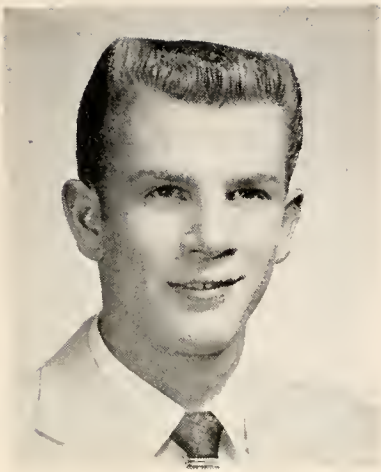

Janice Snyder

Clean, neat, accurate, prompt, and dependable are all traits which a good secretary should possess. Janice "fills the bill" completely. The commercial subjects seem to be the courses that are best fitted for her because she has done her best work in this field, and she is highly recommended for any commercial type of job. Janice has been a top student and it has been a pleasure to have her in the classrooms. She has been a true and respected leader of the class. Our loss is Doyle's gain.

Activities and offices: chorus, three years; Y-Teens, four years; secretary of Y-Teens, secretary of class, and school reporter in the senior year, and parts in school plays.

Compliments of **MIDDLE POINT EQUITY**
Grain - Coal - Fence posts - Binder Twine
Flour - Feed - Etc. Middle Point, Ohio

Carl Stewart

Carl possesses all the characteristics of a good citizen—co-operative, dependable, a willing worker, and well-mannered. Industrial arts was important to Carl and he completed many fine projects as a result. Biology was also one of his favorite subjects. That red car of his is one of the most “looked after” vehicles in the township and receives constant attention.

Activities and class offices: basketball, four years; baseball, three years; band, two years; chorus, four years; and red cross.

Seniors

Pat Taylor

The most active graduating student certainly is Pat. She engaged in just about every activity she was qualified to enter, and yet was an outstanding student. To say she is an extravert is “putting it mildly”. She is “personality plus” and the possessor of an ample supply of charm and poise. Undoubtedly she was the most outstanding graduate in music. Rightfully, she has been chosen as our “Peony Queen” candidate and she will be an excellent representative. Pats’ active participation in activities and devotion to studies is an example of good leadership.

Activities and Offices: band, majorette, chorus Y-Teens, four years; girls trio, three years; class officer, girls sextet, and chorister, two years; and junior class play.

Danny Thatcher

“Mr. Sports” is the title that Danny is pinned with. One of the most outstanding all-around athletes to ever graduate from Hoaglin-Jackson. An athlete like Danny comes about once in every twenty years and he has left us with many happy memories of his athletic powers. Academics were not slighted by Danny as he is an above-average student. Despite his many accomplishments he has a pleasing personality and is a very modest person.

Activities and Class offices: basketball and baseball, four years; chorus, three years; band, one year; treasure of freshman class; and vice-president of junior and senior classes.

Larry Tribolet

It seems as though most top athletes are good students, and no exception to this rule is Larry. One of the outstanding baseball pitchers to ever attend Hoaglin and also a very valuable member of an outstanding basketball team. Larry was one of the top students in most of his courses and he offered much in participation in classroom work. Science is his favorite subject.

Activities and offices: basketball and baseball, four years; chorus and student council, three years; band and red cross, one year.

PAULDING EQUITY EXCHANGE

Paulding, Ohio

Donald Wisner

A willing worker who can be called on to do any task and will make a noble effort to complete the assignment. Mechanics and a love for the "out-of-doors" are of primary interest to him and occupy much of his time. He enjoys farming and will probably make that his profession.

Activities and class offices: basketball, baseball, and band for three years; chorus, four years; Red Cross, freshman year; student council, sophomore; and junior class play.

Seniors

Maureen Wortman

A good student whose main extra-curricular interest is in music. She was in the chorus three years and, was a member of the famed senior trio, and went to Lima in her freshman, junior, and senior years to sing in the state contest. She has contributed much to the senior class and Hoaglin-Jackson. Her personality is above reproach and as a result leaves a multitude of friends at the school.

Activities and offices: band, two years; Y-Teens, four years; program chairman and recreation leader; red cross representative; and in the class plays.

Carol Yoh

A quiet, serious student who is very congenial and is very cooperative in any endeavor that she undertakes. She is fond of music and has been the pianist for many musical programs which have taken place during her four years of high school. Interest in music and a hobby of collecting shells occupy much of her spare time.

Activities and projects. chorus, last three years of school; active membership in "Youth for Christ" club.

Ruby Yoh

It's difficult to possess a pleasant attitude, even during times of dissatisfaction, but this is a characteristic of Ruby. Complaints were never made by the students or faculty against Ruby, and this is a tribute to her fine character. She was an above average student and participated in many activities while enrolled at Hoaglin-Jackson. Like many of the senior girls her main interests were in music and sports.

Activities and offices: band, Y-Teens, and 4-H, music and sports.

"Twelve Years Together"

CLASS PROPHECY

At our 1978 Alumni Banquet, the entire class of 1958 was present with unclosable mouths.

Mr. and Mrs. Doyle Adams, the former Janice Snyder, are happily married with a family of four of which one of their girls will be crowned "Peony Queen Jubilee the XXXIV" by Governor Dave McCracken who was recently elected to the Ohio governorship. Miss Darlene Baker is now secretary for Donnie Girod who has just completed the first space trip to the moon and survived. Jan Dunlap is the second James dean in Hollywood, although his success is at stake, due to the fact that he is a "Candy-holic" and is taking treatments. Wayne Evans has successfully outwitted Einstein on his "Hi-Q" game. Harold Hoersten was recently disqualified in racing his horse "Son of War" grandson of "Man of War" for dragging his feet on the left turn. Marilyn and Carolyn Leiter are running a "Seamstress Shop" in Van Wert, Ohio. Connie Foster has recently broken the national typing record by typing 220 correct words per minute of which she attributes her speed to her listening to Jerry Lee Lewis's songs while practicing. Ann Mace is beating away on a bass drum in the All-American Girls' Band.

Carl Rogers was head engineer of the Super Highway that runs through Wetsel which was recently constructed. Delores Roth is now making a haul diving for pearls off the coast of Japan. Marilyn Sanders is riding the waves with her husband on his navy cruises. Gladys Shaffer has married a multi-millionaire who owns oil wells in Texas. Frank Snyder is diligently emptying buckets of waste products in one of Gladys's refineries, and is begging for promotion to sweepboy. Carl Stewart has accepted the position of superintendent of Hoaglin-Jackson after teaching there 15 years. Pat Taylor and Maureen Wortman, both maids, are models, Pat for the "Short-Fat-Fanny Company" and Maureen, for the "Slimsy-Flimsy Tall Girls' Sheath Company". Danny Thatcher and Larry Tribolet have recently been elected President and Vice-President of the American Bachelors Club. Donnie Wisener is with us after appearing on the Ed. Sullivan's TV show with his "Rock & Roll". Ruby Yoh has followed the Wetsel Hockey Team to the world championship as sport's commentator for station WXXX. Carol Yoh has taken Liberace's place on TV and uses his burned candles. Each has been successful in their own way. And so ends the tale of the CLASS OF 1958.

LAST WILL AND TESTAMENT

Doyle Adams, will my seat in study hall to Ruth Adams.

Darlene Baker, will my temper to Linda Bowers who could probably control it better than I can.

Jan Dunlap, will my shyness to Carl Sanderson.

Connie Foster, will my ability to go steady my last two years of high school to Shelby Noggle.

Wayne Evans, will my ability to get into trouble, willed to me last year, to Jerry Thompson.

Don Girod, will my ability to draw pictures to Kenny Prichard, who has a good start already.

Harold Hoersten, will my height and my ability to play basketball to Jerry Doner for next year's team.

Carolyn Leiter, will my cafeteria job to Linda Medford.

Marilyn Leiter, will my beat-up gym locker to Marybelle Mosier.

Ann Mace, will my ability to play the bass drum to Judy Jenkins.

Dave McCracken, will my ability to sleep in Mr. Sauders class to anyone who can get by without being caught.

Carl Rogers, will Robert Plescher one summons for reckless driving.

Delores Roth, will my empty headache pill boxes and lost sleep to the next editor of the annual. (Here's a tip: Refill the headache pill boxes and start getting sleep now.)

Marilyn Sanders, will my Home Ec. knowledge to Donna Yoh.

I, Gladys Shaffer, will my "old jokes" to Larry Foster to make good use of them.

I, Janice Snyder, will my two expired driving permits to Wanda Swartz.

I, Frank Snyder, will my ability to keep my car out of the ditch to Brad Foster.

I, Carl Stewart, will my ability to sleep in study halls to Gary Mohr. Just keep one eye open and you are safe.

I, Pat Taylor, will my incorrect practice set to Kay Berryman. Always listen to Mr. Bennett, Kay!

I, Danny Thatcher, will my ability to "day-dream" in study hall to Carl Sanderson who is also going steady.

I, Larry Tribolet, will my "flat top" to all the Junior girls as it will be next year's hair style for girls.

I, Don Wisener, will my wisdom from my wisdom tooth to Donna McClure.

I, Maurcen Wortman, will my driving ability to Sandra Schaffner. In case of an accident notify Mr. Dean.

I, Carol Yoh, will my fillings to Linda Bowers to take the pain out of her sweet tooth.

I, Ruby Yoh, will my broken front seat in Speech class to Janet Osborn.

We, the Senior Class will to the teachers all our old, badly, worn books and to Mr. Avery our old used Speeches.

We, the Senior boys, who took shop will to the Junior boys our ability to collect dust in shop.

We, the Senior girls, will to the Junior girls our ability to get along with teachers. (Ha)

STUDENT COUNCIL

The Student Council is an organization made up of the student body for the purpose of a governing assembly. Its members consist of the president and two elected members by the students of each class of the upper six grades, and they have a member of the teachers' staff as their advisor. The purpose of the organization is to link the student and the teacher more closely together so that they can co-operate together for the betterment of the school.

Some of the things the Student Council has backed is better class organization, dancing; and this year we had a popularity poll in which the candidates were elected by the upper six grades and then the winners were announced at the Christmas Dance.

Cheerleaders

To cheer the boys to victory or defeat, the four girls picked by the student council were Sally DeMoss, Donna McClure, Shelby Noggle, and Scheryl Thompson. These girls have done an excellent job leading the school in cheers to back our team. Cheerleading requires long hours of laborous practice and these girls have diligently done this. We wish to thank these girls for their devoted leadership. In the tournament games, it was proven if the students sit together and yell the enthusiasm is greater and better organized.

"Reverse Charges on all Emergencies"

Danny Thatcher

Danny was the top scorer for the Bulldogs this year; also winding up the year as second in the county scoring race. Dan did a terrific job of rebounding and because of his ability to shoot that "needed" basket was a big mainstay of our team. One of the best all around players Hoaglin has ever had.

Harold "Big Jim" Hoersten

"Big Jim", 6' 7" center, had the county quint in quite a stew this past season. His scoring and his tremendous rebounding gave the team an added boost. Jim was a dangerous looking enemy towering a good 4" above the tallest player in the county. He was hard to stop when he threw one of his pivot shots.

Frank Snyder

One of the shortest men on the team; however, this was of no disadvantage to him. Frank was a very good defense player, keeping the other teams' men from shooting. He also has a sharp one-hand push shot and possesses a good cool head in tight situations.

Larry Tribolet

One of the top forwards who did a good job of ball-handling and also hit his share of "buckets". Larry always came through when he was needed. His speciality was a one-hand push shot. He sometimes played pivot spot and hit the bucket often with his pivot shot.

Larry Tribolet

Frank Snyder

Dave McCracken

— Dave McCracken
A fast, hard-playing guard who sometimes played forward. Dave has a good one-hand jump shot; also he is good on those long shots too. Dave set up a lot of the plays for the Bulldogs and got his share of rebounds.

Carl Rogers

Carl Rogers

A tricky guard who did an outstanding job of bringing the ball down the floor and setting up plays for the rest of the team. Carl also has a very good fade-away jump shot which added to the scoring of the team.

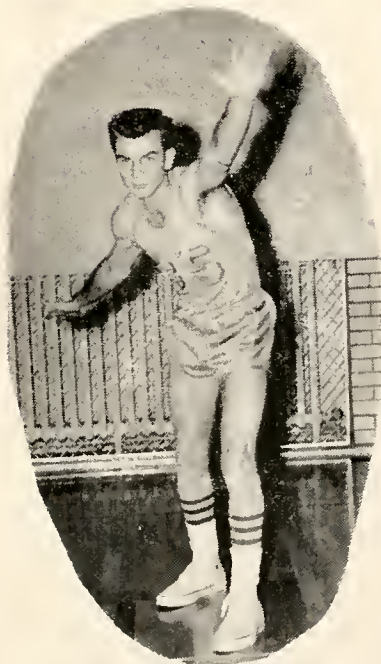

"Put 'er in!"

Carl Stewart

A Senior who is a good scrapper and possesses a good jump shot. His competitive spirit will be missed.

Don Girod

A Senior who was always there when he was needed. Don gave the team a lot of moral support. He has the 'school-spirit'.

Carl Stewart

Carl Sanderson

Carl Sanderson

A Junior who is a hard driving player, capable scorer, and a good defensive playmaker. Carl will be greatly missed by the H-J students. But H-J's loss will be Michigan's gain.

Larry Foster

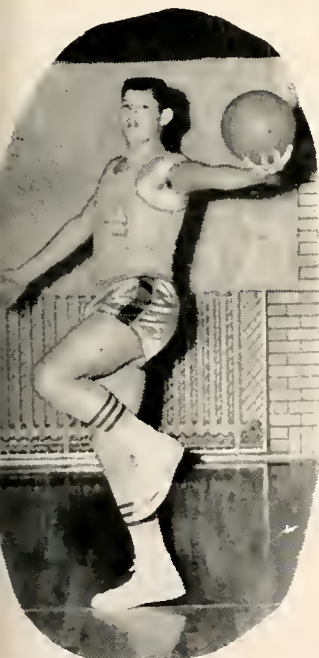

Larry Foster

One of the tallest men of the squad and a very good rebounder who will be of great help to the team next year.

Leland Miller

A good rebounder and possesses a sharp hook-shot which will be used in the next two years as he is only a Sophomore.

Leland Miller

Jerry Doner

A speedy guard, good ballhandler, and playmaker who brings the ball down the floor with great speed. He has great prospects for next year.

Jerry Doner

"STREAK OF LUCK"

It seems that our big man of the basketball team has his streaks of luck. At the Oakwood basketball game of the season 1956-57, Harold Hoersten, better known as "Big Jim", literally threw a ball the length of the floor and it went swishing through. Our rivals from Ottoville never quite believed the story of "Big Jim" who is well acquainted with the people of that area, but with seconds to go in the third quarter of the Ottoville game, the ball was passed to "Big Jim" and someone yelled, "Shoot!", whereas he threw the ball without any resemblance of proper shooting form. The ball went through the hoop without touching the rim or backboard. H-J's and Ottoville's fans were completely awed by what had taken place and the H-J's fans started making a jubilant noise as this put us within three points of them. We hope in future years we may have another "Big Jim". Eat those Wheaties, underclassmen!!!

"Out of my way, I'm coming through."

"Whoa!"

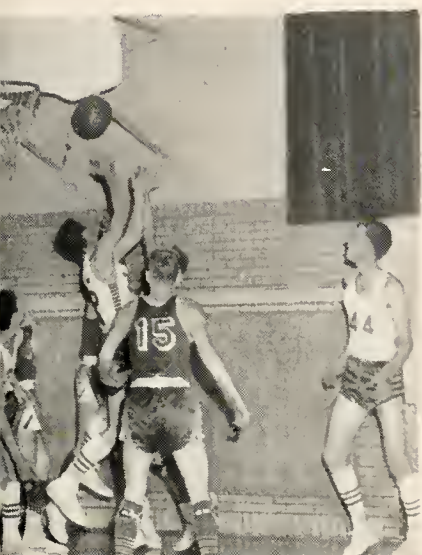

"All tied up."

For the 1957-58 season, the Hoaglin-Jackson Varsity team has won their first league crown since 1939. The league standings were very close all through the season and reached an exciting climax with a very hard earned victory in the last game of the regular season at Convoy.

Danny Thatcher led the county in batting average which was .649. Out of this he hit 4 home runs, 2 triples, and a double. He also was highest in runs-batted-in. Danny's hitting was a great inspiration to the rest of the team.

We were very proud of the team's accomplishment and would like to thank Mr. Dean for his excellent job of coaching.

SPEECH

The speech Class, this year, are learning the proper ways of giving speeches, discussions, and debates which calls for research. They found out that listening was just as good a policy as speaking. It has opened many fields of interest to them. Mr. Avery played speech records for the class and had the tape recorder for the speeches.

The Seniors found out that giving speeches helps to create poise and enhances the ability to speak fluently in front of large groups of people.

SOCIAL STUDIES

The classes in the social studies department are Ohio history, World History, and Democracy. The eighth grade obtained a new series of Ohio History books. The Democracy class received new books with up-to-date information.

Each class of the social studies department has a project for the year, either of making maps or reports on historical books. Mr. Davis would like to take the Juniors and Seniors on a field trip either to a trial or some state affiliated institution. The Juniors and Seniors are taking Democracy this year and are learning the principals of how our government is run. To keep up with current events, the Senior Scholastic is used.

HOME EC.

Our study of Homemaking has been broadened by a few additions to the Home Ec. Department. For one thing, a laundry unit, including an automatic washer and dryer, has been installed. Also, "Baby Jane," with her complete layette, arrived last fall soon after school opened. She has made the study of "Infant Care" more interesting and effective.

Class work has also been made easier by the addition of new ceiling lights, enhancing a newly decorated wall. The room was made more functional with a newly constructed utility cupboard by Mr. Dean and his boys.

Before the holiday season the 11th and 12th grade classes did a few projects in crafts, culminating in the study of the importance of hobbies. These projects include reed bun baskets and casserole dish holders. Coasters were made from leather on which attractive designs had been tooled. Dainty colored aluminum serving trays were shaped and etched in beautiful designs.

After the holiday season, the department took on an air similar to that of an upholstery shop, when an old chair was completely refinished and re-upholstered by the class.

PHYSICS

The Physics class in co-operation with the other science classes are preparing a program of demonstrations to be given at the Penny Fair this year. We think this will be informative as well as an entertaining program. Some of the projects now in the process of being developed are: Transmission of sound with light—Carol Yoh, Automobile ignition system—Dave McCracken, Flying Saucers—Sandra Schaffner, Radiant Energy—Carl Rogers, Physical properties of matter and low temperature—Don Girod. Others are on the drawing boards. See you at the fair.

FRENCH CLASS

Commet: Allez-vous?

We are just fine, Thank you. This class, which is comprised of ten girls (four sophomores and six freshmen), is a first year French class. We have learned many French verbs and idiomatic expressions. We are now able to translate French into English and English into French. We also, are learning to correctly pronounce the Parisian French.

SHOP

Furniture making, leather craft, plastics, welding and steel working are the main topics in Industrial Arts for 1957-58. Many fine specimens of furniture have already been produced.

The Freshman and Sophomore boys confined their talents to drawing for the 1st semester. Now they are concentrating on small projects such as leather belts and woodworking. The 8th grade boys also did small woodworking projects. As for the Jr. and Sr. boys, larger subjects have been taken up such as cedar chests and end tables, gun racks, etc. The boys have enjoyed working in their shop class all year long with enthusiasm.

Commercial Department

The students are pleased with the opportunity to take shorthand this year and are showing interest in the course through keen competition. Several students have expressed the desire to have second year of shorthand.

Our typing department is fortunate in having the use of two electric typewriters, as this gives each student practical experience with the use of the electric typewriter. The Commercial room has been made much more cheerful with the addition of two new, manual Royal typewriters; and with a more pleasant atmosphere, created by the two toned painting of the room walls and baseboards.

DRIVERS' EDUCATION

This year it was made possible to obtain a car through Gauvey's Motor Sales at Grover Hill and also the school cooperated in making it possible so that we might obtain Drivers' Education. There is not a "perfect driver" and therefore, through class training, Mr. Dean taught the basic essentials of operating a car and how to be a safer driver. Seven students in the first semester obtained their drivers license.

BAND

The Band this year started out by playing march music. The band was also entered in two Halloween parades. At Christmas, the band and chorus put on a combined program. The band's part of the program consisted of mass Christmas numbers and small ensembles. Trios, quartets, and quintets were but a few. After the first of the year the band worked on concert music. We will be participating in the band contest at Ada this spring. Members of the band have benefited from individual practice for the spring contests. This has improved the competence of many members of our band.

Y-TEENS

This year the Y-Teen Club has 41 members. Mrs. Nila Smith is our advisor, but due to an unfortunate accident she couldn't be with us the full year. However we have enjoyed having as assistant Mrs. Rosemary Stepleton. The year was started by having an initiation honoring all new members. We also had a Mother-Daughter Tea, bringing in new officers.

To govern the club, the following officers were elected: President, Linda Medford; Vice-President, Ruth Adams; Secretary, Janice Snyder; Treasurer, Sanje Knittle; and program chairman, Maureen Wortman.

LIBRARIANS

With Mr. Avery as supervisor, the library staff was composed of students from the upper six grades. Many new books were added to the shelves this year. We certainly appreciate the many new reference books.

JUNIOR CLASS PLAY

THE CAST

"ALL'S WELL THAT ENDS WELL"

"FIRE"

The Junior Class presents their play "Cannibal Queen" on Nov. 6, 1957. It was a three-act comedy which took place in a hotel. The action centered around "Ju-Ju", a Cannibal Queen with five husbands who was brought to the states by a nephew of a rich professor for publicity in the papers. Mr. Sauders did a fine job of selecting and directing the play. It was a good performance and kept the audience entertained.

SCHOOL IMPROVEMENT PROJECT

One of the biggest projects taken up this year was the new locker rooms under the stage. The men of the community donated their time and effort to get this completed.

The number of men working averaged from 10 to 15 a day. Someworked consecutive days and others worked as their farm work allowed them. The trucks were donated by Rudy and Wendell Adams and the elevators by the Scott Elevator and residents of the community. The Etter Tile Company of Dupont donated the tile. It put wasted space to good use. We, the students of Hoaglin-Jackson, want the community to know of our appreciation.

PAT TAYLOR

OUR PEONY CANDIDATE

At the beginning of each new year, the girls of the Senior Class have one contest in which they will participate, "the choosing of the Peony Candidate" to represent their school. This year the upper six grades and the faculty picked our candidate, Pat Taylor, and announced it at the annual Farmers' Institute.

Pat is an active girl in her class and in the school. She is scholastically in the upper twenty-five percent of her class. She is 5' 7" tall & weighs 125 pounds. Her radiant smile and pleasing personality makes her an asset to Hoaglin-Jackson. She has great music ability which is put to use by her band, chorus, Senior Trio, and Triple Trio membership.

Many hours have been spent and will be spent before the selection of the Peony Queen on April 9th, and the parade on June 11. We are sure with her many assets she will be a credible representative for Hoaglin-Jackson.

LOTS OF LUCK, PAT!!

Aug. 21, 1958

Hi Joe,

How's my hard working little gal? And, you're not getting off work Saturday! Understand!! I'm sitting here, knowing Sunday is three days away, thinking of the wonderful week I've had. Getting up to the sound of a knock on the door and taking you to work. Then waiting till noon when I can be with you an hour. Then at night when you're home to stay for awhile. I only hope this week meant to you what it meant to me. I've planned the whole school year out so I can see you often if that's okay with you. Just remember our song, "~~Lezy~~ Summer Night" and what I said last night and you will know how I feel. Okay? Okay

But the week isn't over yet and we will have a "BALL"!!

Don't forget to write to me when you get time as I will write you as much as possible, starting with one Sunday night.

Well I better get my rest and I will see you at 5 o'clock or rather 15 till five. Sometime I will tell you what I told Dick but tell them be real good. [if you can]

My Heart is Yours,
Pete "Pete"

Aug. 21, 1958

Hi Jan,

I just saw where Pat signed your Yearbook so thought I'd do the same. Well here I am sitting watching American Bandstand at your house while you are slaving away up at the "ole peony gardens." One thing sure this week and that is you always have something great to look forward to at 11:30 - 5 o'clock. Even after this week it will still last. We will have a ball next year. That old turnpike will be worn out within a year because of 4 kids running back & forth. There are a lot of big days & nights ahead of us; so keep your chin up & don't cry - (like me - - - -) Just remember we will always be as good of friends as we have been in the past year. A nice girlfriend means a great deal to me. Someone you can trust; that's you kid.

With Love,
Ray

Aug. 22. 1958

Hi Kid

Well here it is the last week of the summer
and almost over already. I'm sure glad you like
Pat but I think when I ask him to come down
with me I think you would like him, he's a real
nice guy and you like him as much as I do and
lots more. Boy you should see him during
the day when he is eating for 11:30 am 5:00.

I sure hope you and Pat's mother lets us come
back down for the fall next week but I don't
want to want to make about it. I'm really glad
you will let me come up with you to go to and see
during that time so I can see when I come
down.

Pat and I both wish that this week would never
come to a end, but I guess you know as well
as I that all "good things" never to come to a
end. RIGHT?

I'm really looking forward for our Y.R.
football game when you & Ken comes up.

I think Pat and I both will be a lot better
players with nothing to worry about nothing
but football and that Y.R. game.

Well I'm getting to the end of the page so
I guess I better close for now.

P.S. Don't ever forget all
the love & care from
Dad 17-23 Aug. 1958.

Love & Mother & Father
Dad

Dear Kay

I wish you the best of Luck and May
God be with you.

Donna Jean
1954

Hi Janet,
Will were about out, I
believe you will be happy. Hope
at least I know I will. Hope
you don't spend your whole life
digging. Don't, I wish.
Best of Luck.
Love,
Daddy

Janet:
Well, I just
finished blowing out my
trains over in that there
ole music room, so I haven't
many left to take with. So
continue being yourself & life will
never give you any trouble.
Good luck with Pat, not that you
need it. You make a real cute couple.
Love, Donna

Janet:
How about that
tumor part in chance! What
is the chance? Oh, everything
it is going to be fun, messing
around with it. Good luck
with Pat and your future years.
Love, Sue

To Janet:
I hope you do as
well with that as you
do at singing tenor.
Best of luck with
him. Always,
Sandy
